Dear Our Esteemed Shareholders!

The Board of Directors (BOD) of Kinh Bac City Development Holding Corporation would like to send our respectful greetings to Shareholders.

Dear Shareholders, in 2025, we observe that both the domestic and global economic landscapes continue to face numerous challenges, largely due to political and trade fluctuations. Specifically, Vietnam still heavily relies on international trade and is vulnerable to the impacts of United State's policy responses. However, despite the challenges, both domestic and international organizations have projected that Vietnam's economic outlook for 2025 will be more promising than that of 2024. In particular, foreign direct investment (FDI) is expected to remain a key highlight for the year. Additionally, from the outset of 2025, the government and regulatory

bodies have been working diligently to address the obstacles and difficulties faced by businesses, particularly those in the real estate sector. Therefore, the Board of Directors has unanimously agreed to convene the first Extraordinary General Meeting of 2025 (EGM) to present and seek approval from shareholders for the operational plans of the Corporation for the year ahead. This will enable the Executive Board to proactively manage the company's governance and execute the planned initiatives for 2025.

BOD respectfully proposes to the General Meeting of Shareholders (GMS) for consideration and approval on the following issues at the 1st Extraordinary General Meeting of Shareholders in 2025 of the Corporation:

I. APPROVING ON THE BUSINESS OPERATION PLAN FOR 2025

Dear Shareholders, according to the financial statements for the fourth quarter of 2024, the consolidated revenue reached VND 3,333.84 billion, which is 55.03% of the 2023 figure and 37.04% of the planned target. The consolidated net profit after tax amounted to VND 459.88 billion, representing 20.48% of the 2023 figure and 11.50% of the planned target. The primary reason for this shortfall was that most of the projects expected to generate investment and revenue, such as the Nam Son Hap Linh Industrial Park, Trang Due 3 Industrial Park, Trang Cat Urban Area, and Phuc Ninh Urban Area, etc were delayed due to unresolved legal procedures.

However, from the beginning of 2025, KBC's industrial parks have received positive signals regarding project legal procedures and investment attraction. Notably, Nam Son Hap Linh Industrial Park and Hung Yen Industrial Cluster have signed memorandums of understanding and received significant deposits for land leases. As a result, the Corporation expects to lease more than 200 hectares of land in 2025 from Nam Son Hap Linh Industrial Park, Tan Phu Trung Industrial Park, Hung Yen Industrial Cluster, and Trang Due 3 Industrial Park; as well as recognize revenue from the Nenh Town social housing projects, Trang Due Urban Area social housing projects and continue constructing social housing projects in these two areas. Additionally, Trang Cat Urban Area project has completed land compensation and is currently investing in infrastructure, with important legal documents obtained and is expected to be operational in 2025; Loc Giang Industrial Park project in Long An province, spanning 466 hectares, has completed compensation for 110 hectares and is currently investing in infrastructure, with the potential for early commercial operation.

Moreover, in January 2025, the Government continuously approved several significant new projects for KBC:

- ✓ On January 14th, 2025, the Trang Due 3 Industrial Park project in Hai Phong City, covering a scale of 652.73 hectares, received investment policy approval for the

infrastructure construction investment and trading project according to Decision No. 86/QD-TTg.

- ✓ On January 15th, 2025, the Trang Cat Urban and Service Project in Hai Phong City, covering a scale of 584.91 hectares, received investment policy approval for the construction investment project according to Decision No. 116/QD-TTg.
- ✓ On January 22nd, 2025, the Kim Thanh 2 Industrial Park (Phase 1) in Hai Duong Province, covering a scale of 234.63 hectares, received investment policy approval for the infrastructure construction investment and trading project according to Decision No. 211/QD-TTg.

These decisions are of significant importance to the Corporation. By accelerating infrastructure investment from early 2025, these projects are expected to drive substantial business growth for the Corporation starting this year and in the coming years.

Therefore, the BOD submits the business operation plan for 2025 to the GMS as follows:

- ✓ Estimated total consolidated revenue in 2025: **VND 10,000 billion**
- ✓ Estimated total consolidated profit after tax in 2025: **VND 3,200 billion**

II. APPROVING ON THE LISTING OF BONDS

The BOD proposes to the GMS to approve of the listing of the bonds required by law, including those currently in circulation and any newly issued by the Corporation in 2025, up until the nearest GMS in 2026 (including bonds issued under the issuance plan approved by the Board of Directors); and to authorize the BOD to carry out the necessary procedures to list those bonds on the Stock Exchange in accordance with legal regulations.
